## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicant's amendment filed 16 June 2005 amends claims 1, 7, 13. Applicant's amendment has been fully considered and is entered.

### ***Terminal Disclaimer***

2. The terminal disclaimer filed on 16 June 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 04 August 2020 has been reviewed and is accepted. The terminal disclaimer has been recorded.

### ***Response to Arguments***

3. Applicant's arguments, filed 16 June 2005, with respect to claims 1-3, 5-9, and 11-14 have been fully considered and are persuasive. The previous claim rejections have been withdrawn.

### ***Allowable Subject Matter***

4. Claims 1-3, 5-9, and 11-14 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not disclose authenticating a user to a physical entity wherein a location beacon adjacent to that physical entity transmits a signal containing a web address of a web server along with a location token that expires within a predetermined time period. This location token determining what information will be displayed to the authenticated user at the transmitted web address based on the tokens' expiration status.

Art Unit: 2132

The newly cited prior art, mainly the references that detail HP's Cooltown service, disclose the authentication and transmission of web page information to a user located adjacent to a physical entity, but do not detail the use of location tokens that have expiration dates.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### *Conclusion*
